2334 UPDATES/ACTIONS FROM LAST MEETING

Updates covered in the agenda items for this meeting.

2335 REPORTS FROM SOMERSET COUNCIL

Cllr Kravis gave his report. Re-structure on-going, number of service directors have reduced. Staff will find out their new roles in October. Concerns that heading towards next years budget setting there will be further savings to find despite services being cut back. Continued pressures from Children Services and Adult Social Care to maintain these statutory services. Kier have taken over the highways contract.

Cllr Crossman raised concerns over the continual re-structuring exercises that have taken place over recent years and the impact on local service delivery. Cllr Barnham asked about the newly launched enhanced highways maintenance pilot project. He did not see how parishes could afford it without an increase in the precept. Cllr Kravis agreed that the cost would be an issue for many of the smaller parishes unless they bought in the service as a group with other parishes.

Cllr Kravis was asked about the situation at Higher Rodhuish Rd. The Clerk had received an update from Magna in which they had been told by Somerset Highways that road movement was being monitored and should carriageway work be deemed necessary it would be re-charged to Magna. Cllr Kravis would make further enquiries.

2336 POLICING MATTERS

Cllrs discussed at length the local policing resources and response to incidents. Concerns were raised over the low number of convictions compared to the number of crimes

reported. It was felt that the parish council as a single body had little influence over the resources targeted at detection rates. No further action was taken.

2337 PLANNING

It was noted that the application (3/41/24/001) for Charem, West Street was still awaiting approval.

2338 HIGHWAY UPDATES

Higher Rodhuish Rd – Update discussed under Somerset Council report.

Enhanced Highways Maintenance Pilot – Councillors felt that the parish was not in the position to be involved given the cost. There was an option to collectively buy into the scheme with other neighbouring parishes. There were concerns that the sub-division of labour would not be easy and that Somerset Council was expecting towns and parishes to pick up non statutory highway maintenance services which may not be provided in the future because of financial constraints.

2339 FINANCES
